ORIGINAL FEDERAL DUCK STAMP ART

Very rarely offered, the original submission for the Federal Duck Stamp is extremely scarce and desirable. Some of the early issues had two originals submitted. Regardless, very few people have had an opportunity to own one of these. I have seven of these originals on consignment. Prices are negotiable for the purchase of multiple originals. Fed Ex Shipping is included.

1941 Ruddy Duck by E.R. Kalmbach
Price \$14,500

1944 White Fronted Geese by Walter Weber
Price \$14,000

1947 Snow Geese by Jack Murray
Price \$14,000

1953 Blue Winged Teal by Clayton Seagers
Price \$14,250

1963 American Brant by Edward Bierly
Price \$14,500

1964 Nene Goose by Stanley Stearns
Price \$14,000

All of these originals are framed and have only had a couple of different owners. At one time, two different people owned over half of all the originals. Both of these collectors have recently sold their collections. Don't miss this once in a lifetime opportunity to own a piece of history. Lay-a-ways available.

I have seen originals on the market from time to time over the past couple of decades. Prices were usually in the \$20,000-\$25,000 range.

2014-2015 WINTER FEDERAL DUCK STAMP PRINT SALE - Expires 2/28/2015

Duck Stamp Prints became very popular in the early 1970's. The first color print was issued in 1970 and the number of prints issued increased. The art contest became more publicized and interest grew in leaps and bounds. Wildlife galleries saw their sales explode each year when the new Federal Duck Stamp Print became available. The number of prints issued increased each year. Customers decided that they wanted to put together a complete set from the beginning (1934) and began to seek out these earlier black and white prints. Since the number issued were very low, finding them became a challenge which led to price increases. At the peak of the market in the early 1990's, the prices hit record levels. Eventually customers began to sell which gave opportunities to new collectors. I offer a great selection of early prints below.

FEDERAL DUCK STAMP PRINTS (no stamps included prior to 1974. From 1974 all Federal prints have mint stamps)

The following group of prints were all owned by one customer. Most have some minor problems like toning. They could be restored and made to look almost perfect if you want to spend the money. This group of Early Federal prints is priced well below replacement wholesale cost.

Duck stamp prints have always made popular gifts. There is always a space on the wall in an office, den, rec. room or business whether you are buying one for a spouse, parent, child or for yourself. People continue to sell me prints and my back room is bursting at the seams. For this sale, I have decided to try and reduce inventory by offering you a price that you can't resist. Prints will be in perfect mint condition in original folio (unless marked "n") and **include a mint stamp** (unless marked with an *). These prices are lower than you can find on Ebay, and even those often times have flaws. Some of the prints are one only and other are available in large quantity. Images of most of these prints are on my website. Shipping is \$10.00 per U.S. address regardless of how many unframed prints are ordered. Give me a call to discuss your needs.

Description List SALE

The first color print was issued in 1970. 750 prints were signed and numbered. Although scarce, a few of these prints can still be found in the original folio. Most however, have been previously framed. Due to the popularity of this and other early prints, a second edition was made in later years. The second edition of the 1970 had 2150 prints issued.
